

How to Join Our Organization

We believe that our organization offers you many benefits –and we'd like to invite you to one of our meetings at no cost*. Annual memberships are \$100.00 for the first member from an institution and \$25 for each additional member. Membership years follow a July 1 to June 30 calendar.

If you are interested in becoming a member, please complete the membership registration form or contact Jennifer Super, MN-iaclea's Secretary at 320-308-0922 or jefuran@stcloudstate.edu.

If you have questions about our group that we haven't answered, we're happy to do that as well. Our current chapter president is Shawn Vierzba at Saint John's University. He can be reached at 320-363-2144.

Minnesota Chapter

Membership Information

Welcome to the Minnesota Chapter of iaclea!

Purpose of Our Chapter

The Chapter strives to develop, promote, and support a common interest in professional campus law enforcement and/or security services. Through networking and education we aspire to maintain, upgrade and improve the quality of those services and the people who provide those services. In doing so, Chapter members will enhance the safety and integrity of the higher education community for which they serve.

Education and Networking Opportunities

Training and Education Meetings

We meet at least four times annually with our Annual Business meeting held in October of each year. At the October meeting, host sites will be solicited for the upcoming year. We try to move the meetings to campuses throughout the state to encourage attendance. A variety of training topics are covered and you will have the opportunity to meet with a variety of national, federal and state law enforcement and security experts. As a chapter of iaclea, we also have the opportunity provide you with access to training that is designed especially for college and university settings.

Networking Opportunities

MN-iaclea maintain a list-serve as well as references the iaclea website (www.iaclea.org). Information may be solicited from other campus law enforcement agencies to provide support to you! Current members have found this to be a very valuable resource as we strive to understand common safety and security practices occurring across the state.

Membership Opportunities

Professional Membership Employees, who are responsible for life and property safety policies at institutions of higher education, which offer a program leading to a degree or diploma, shall be eligible for professional membership. The professional representative must be an employee of the institution and not compensated by any contract security service or private company. The professional member has voting privileges.

Affiliate Membership Any person or organization not directly employed by an educational institution but having interest in Security/Safety functions shall be eligible for affiliate memberships. Affiliate members may be included by invitation to attend meetings each year. In addition, the affiliate member may receive a Chapter membership listing. Affiliate members have no voting rights, cannot hold elected positions or serve on a standing committee in the Chapter. The dues shall be \$200 annually.
